

"The 31th APAN Meetings @ Hong Kong, China (2/21-25, 2011)"

Tentative Schedule

2/22 (Tuesday) Room HKCEC S421

16:00-17:30 PM (90min):

HDTV & Medical Joint Demo Session (Live Demo of 3D Robot Surgery from CZ)

Session Chair: Dr. Shuji Shimizu (Kyushu University) and Dr. JongWon Kim (GIST)

- (20min) Demo Instruction (Speaker: Jiri Navralti - CESNET)

Introduction about the live demo will be provided, which is intended for high-level education for surgeons. Also, other technical details about demo (the connections from the hospital in CZ to the venue in HKG and the technical devices for live transmission) will be provided.

- (60min) Live Demo of 3D Robot Surgery (Operator: Dr. Jan Schraml - MNUL, Czech Republic)

Live surgery demo of a patient with carcinoma of the prostate cT2N0M0 will be performed to demonstrate the advantages of mini-invasive robotic-assisted radical prostatectomy in preserving neurovascular bundles and bladder neck.

- (10min) Wrap-up (moderated by Session Chairs)
